

STANTON ST. QUINTIN NEIGHBOURHOOD PLAN

The Stanton St Quintin Parish Council have sponsored **your** Neighbourhood Plan Steering Committee who have been busy on your behalf. To date they have:

- Agreed a Steering Group Constitution on how to work together on behalf of our community
- Agreed a Vision for this village at the centre of our Neighbourhood Plan (see in red below)
- Registered our intention to produce our Neighbourhood Plan with Wiltshire County Council
- Begun preparatory work to consult YOU (the community) at a consultation to be held in September
- Identified potential external funding to meet our Neighbourhood Plan development expenses
- Evaluated potential external consultants to advise on specialist planning matters

What do we want for our children?

Beautiful Landscape or potential blot on horizon?

Our aim is to retain our village's rural character whilst acknowledging that there is a need to provide controlled local housing and employment for the community. We therefore need your views to develop a plan that ensures potential developers have a clear understanding of our unified position on how we want our village to look in the next 20 years.

Our vision is that *'The Stanton St. Quintin community wishes to develop a forward-looking approach to residential development which preserves the rural attractiveness of the village and sensitively crafts and shapes the community over time for the benefit of its inhabitants'*.

WE THEREFORE INVITE YOU TO ATTEND OUR MAJOR CONSULTATION EVENT ON SEPTEMBER 20th AT 7.30PM IN THE PARISH HALL WHEN WE CAN UPDATE YOU ON OUR PROGRESS AND BEGIN COLLECTING YOUR VIEWS ON THE PLAN.

If any volunteers with specialist skills (for example photography) are willing to help on an ad hoc basis, please see one of the committee on the night, or contact Hilary Greene on 01666 837 850 or [iamhilarygreene@gmail.com](mailto:iambahilarygreene@gmail.com).

Also, if you are not signed up to the Village Chatter, then please email your name, address and email address to stqpc@gmail.com as this will be one of the means used to communicate with you.
